Slide 1

Slide notes: There are times when we want to lock the Budgets against further updates or change by Users. Rather than having to remove all User Access to the Capture Options, we can just use the Budget Locks until we want to allow general capture by Users again.

Slide 2

Slide notes: There are 3 Capture options that are affected by the New Budget Lock, and they are 'Financial Budget and Expected', 'Physical Budget and Expected' and the 'KPI Budget'.

Slide notes: Here we have a full explanation on the Locks.

Slide 16

Slide notes: While there are 1 or more Users listed at a Lock, then no-one else than those Users may use the related Capture options.
