Slide 6 - Slide 6**Slide notes**

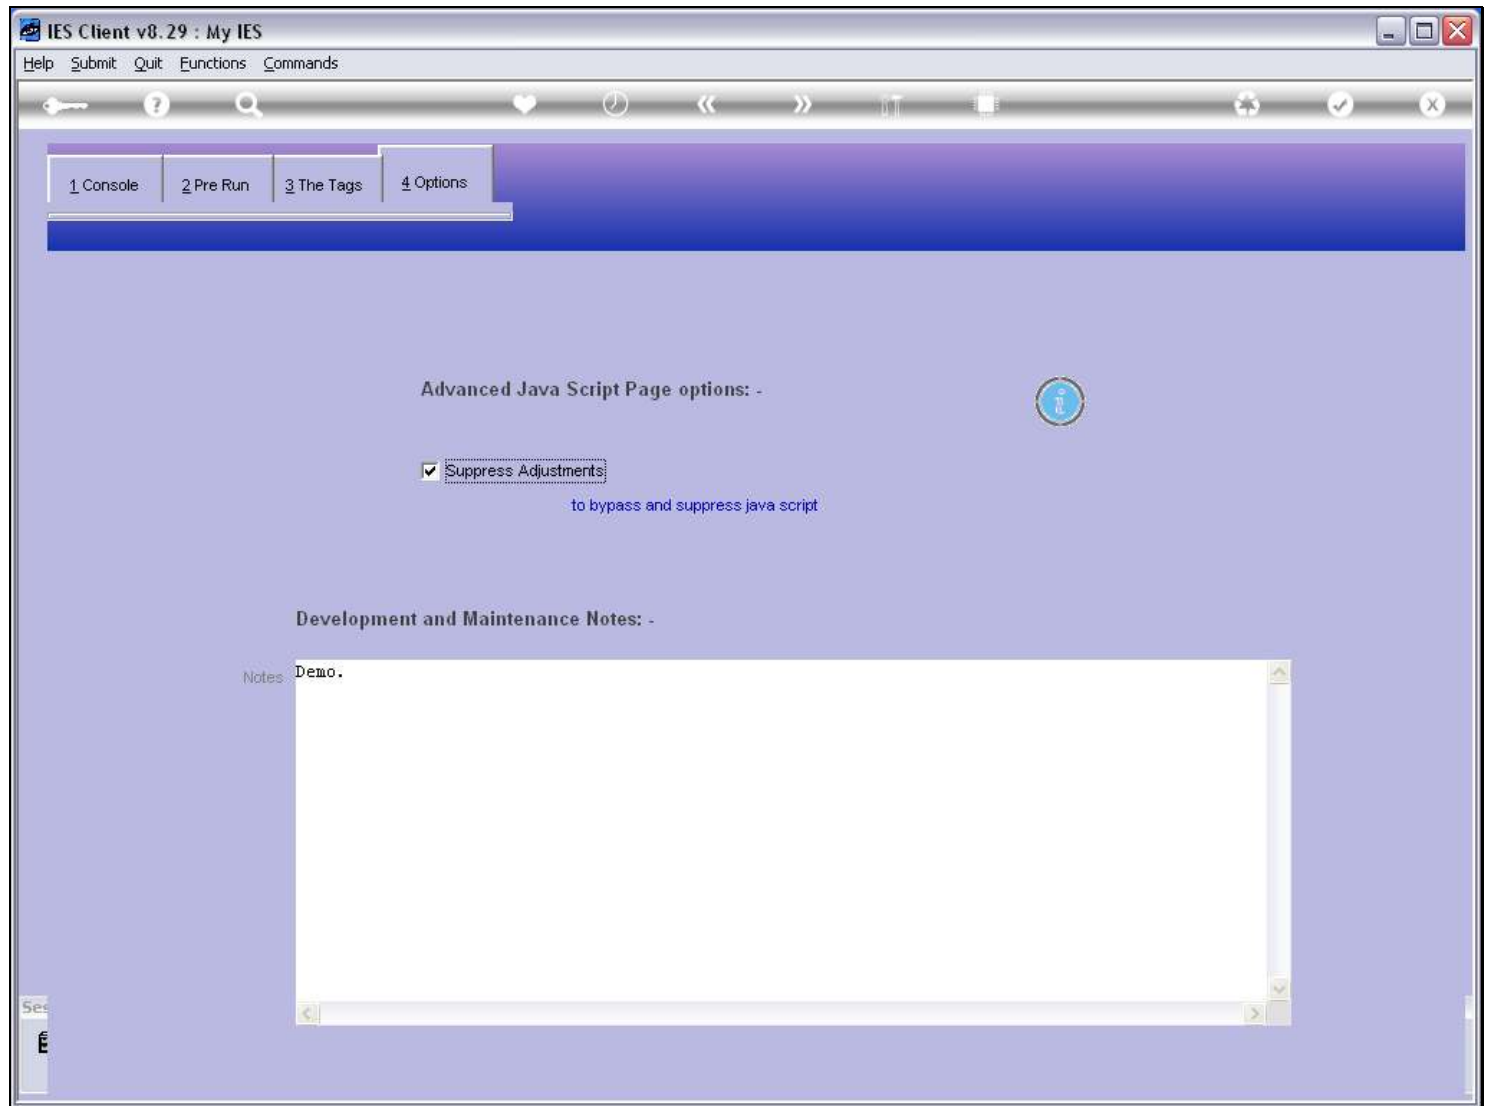

By default the system will suppress the JavaScript, because most Reports do not use Charts and Barcodes.

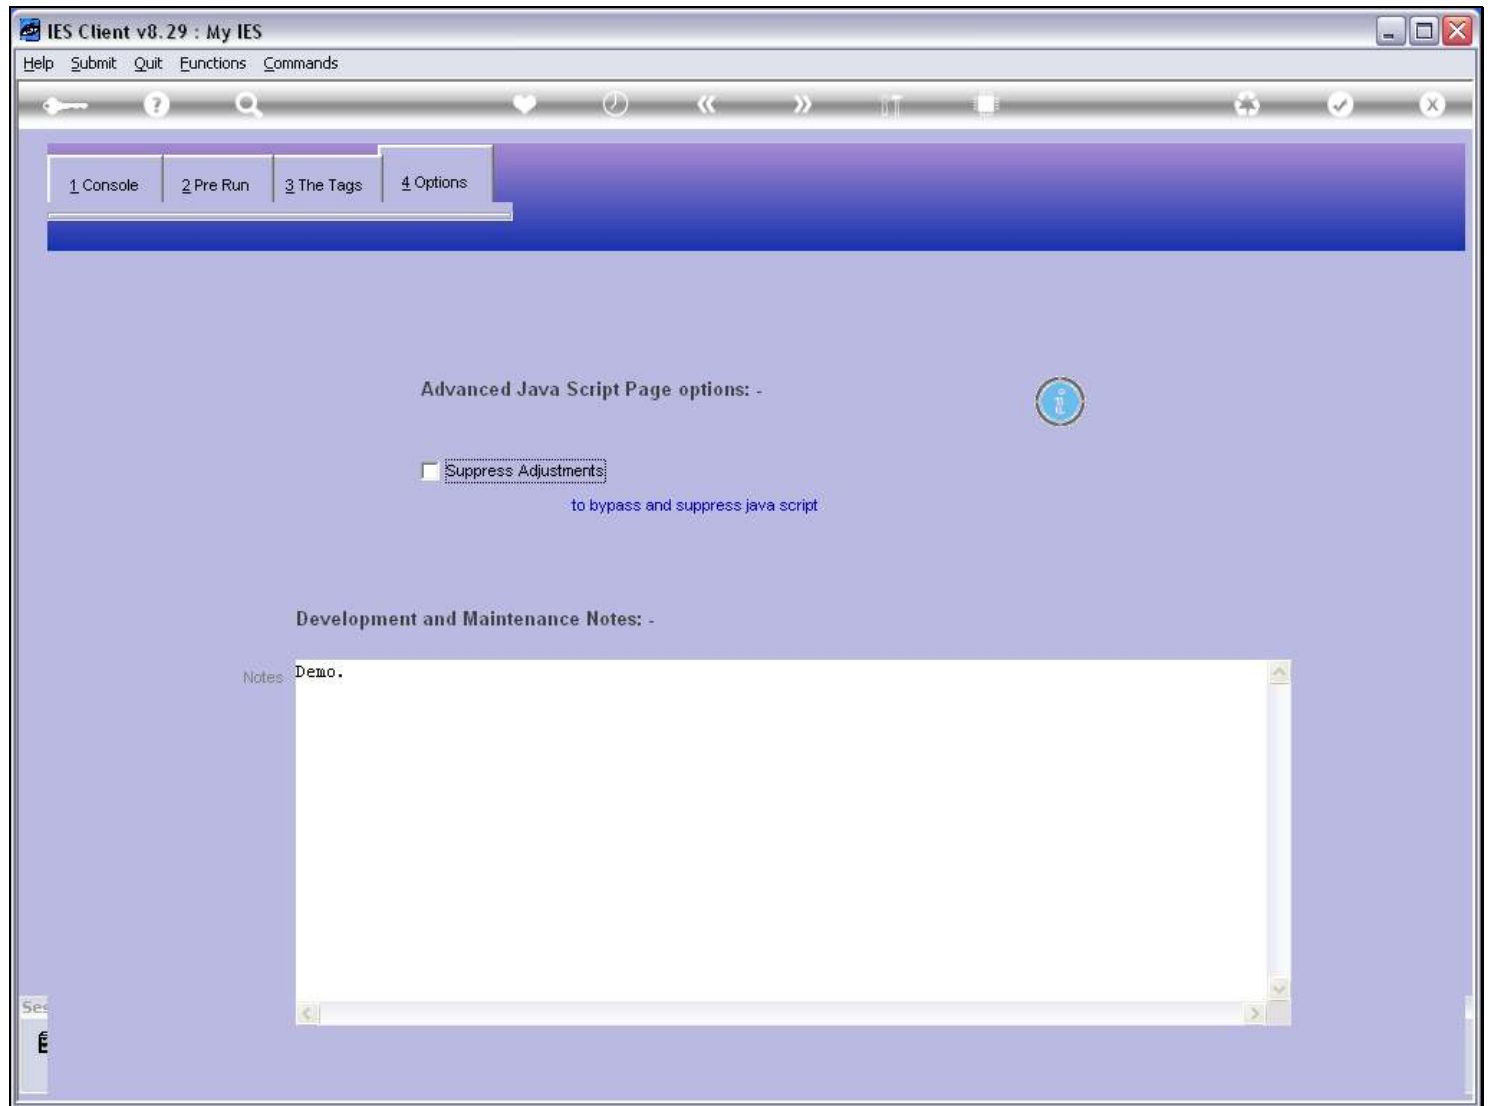

Slide 7 - Slide 7**Slide notes**

Slide 8 - Slide 8**Slide notes**

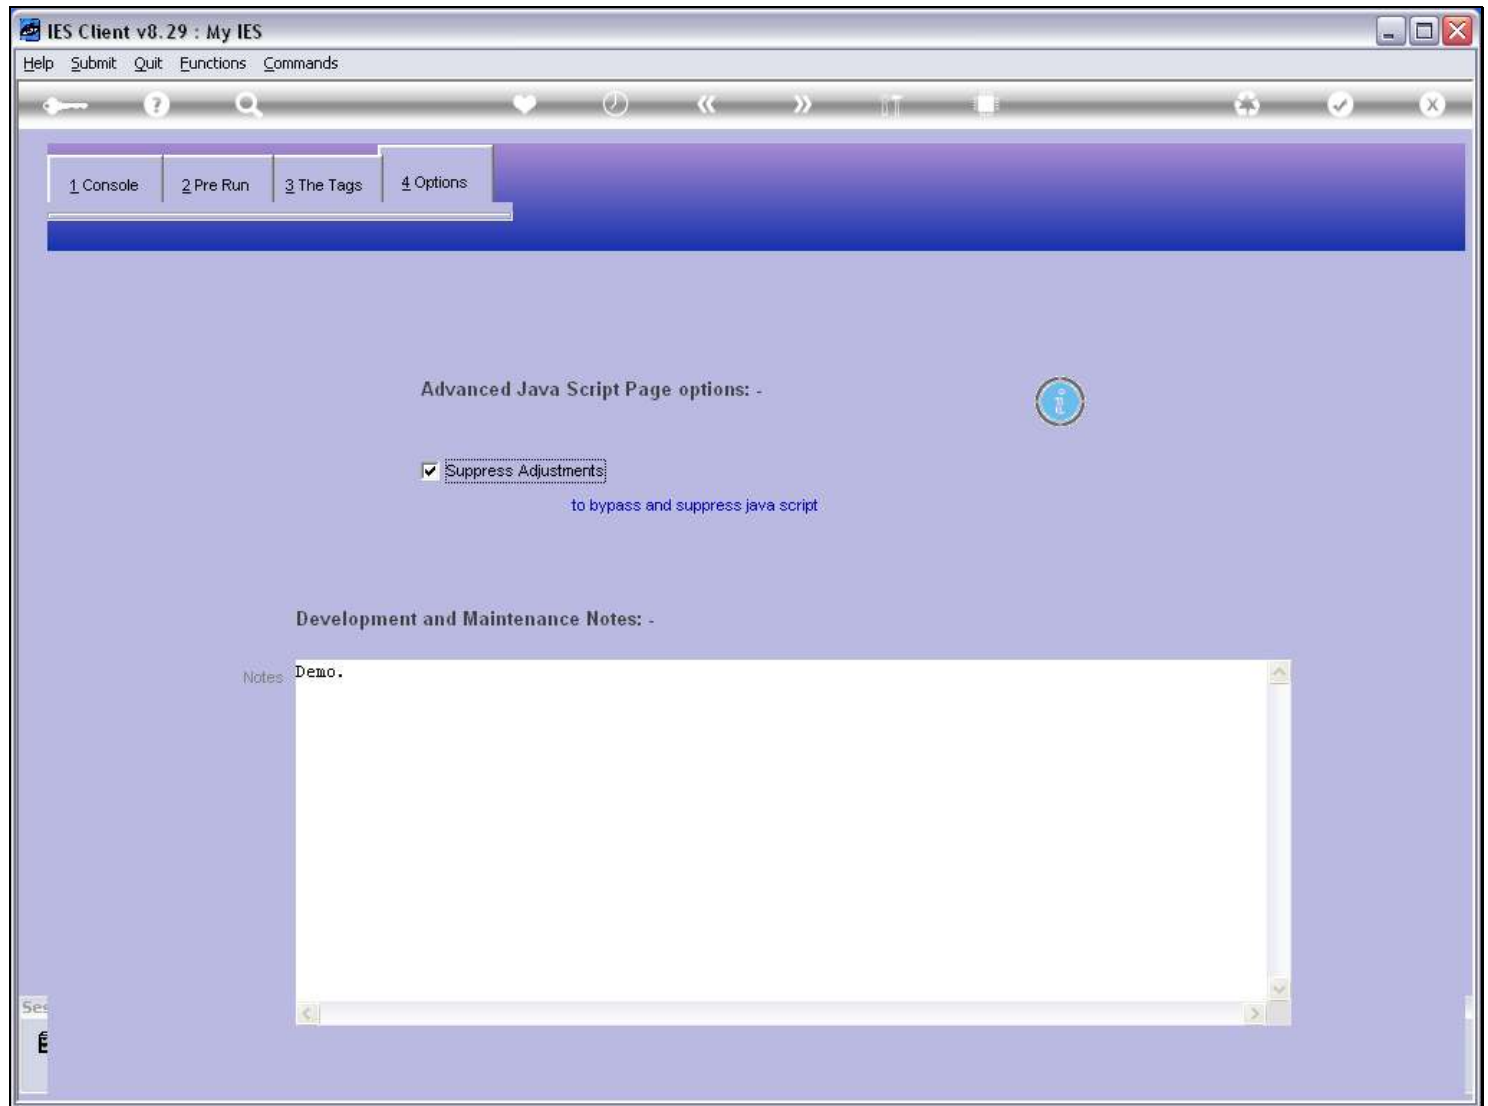

The Help indicates that the option should be checked if the Report has no Barcodes or Charts.

Slide 9 - Slide 9**Slide notes**

Slide 10 - Slide 10**Slide notes**

Slide 11 - Slide 11**Slide notes**

If the Report INCLUDES Charts or Barcodes, then we UN-check the suppression, and then DocWriter will insert the necessary JavaScript for the Charts and Barcodes to work properly.

Slide 12 - Slide 12**Slide notes**

In all other cases, we leave the automatic suppression 'as is'.
