Notes SYSTEM VERSION, DU NUT CHANGE - CUPY AND MAKE YOUR UWN!	
No. of the second se	
See Note: The Unit inherits and shares pre-run	
E and Data Sources with the calling Document.	

Slide notes

As is the case for DocWriter main reports, so also with the Units it is important in the choice of a Key for a new object that we choose a Key that is both unique and also unlikely to appear in a future IES release.

Slide notes

The Unit Name we choose is important inasmuch as it helps to identify the Unit on lookups and also on the 'which is which' Report.
