

Slide notes: Human Resource persons may be defined for Job Costing work, which includes Planned Maintenance. These Human Resources are divided into Teams for purposes of good organization and easy selection from lookups.

Slide notes: A Team is defined by a Code, a Team Name and by indicating which Division it is part of, because Teams are further organized into Divisions.

Slide notes: This Team has only 1 Member at the moment, and we note that we cannot add or change the Members here. They appear automatically on the Team records when the Human Resource persons are defined, because at that time we have to indicate which Team a Human Resource person is a Member of.
