

### Slide 1

Slide notes: The function to 'Remove a Recon Master' can be used to completely remove a Recon Master. We can use this option on a new Recon if we have made mistakes and wish to start over, or on any Recon that we need to remove for whatever reason.

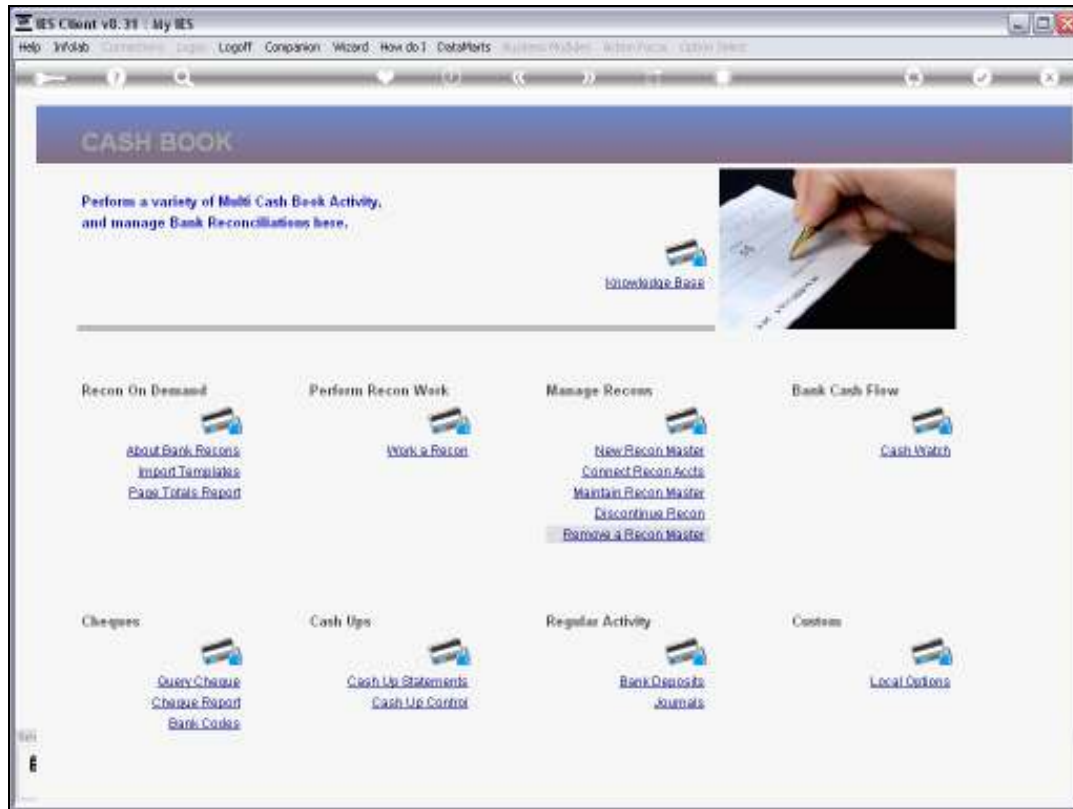

Slide 2

Slide notes: The system offers a selection of available Recon Masters.

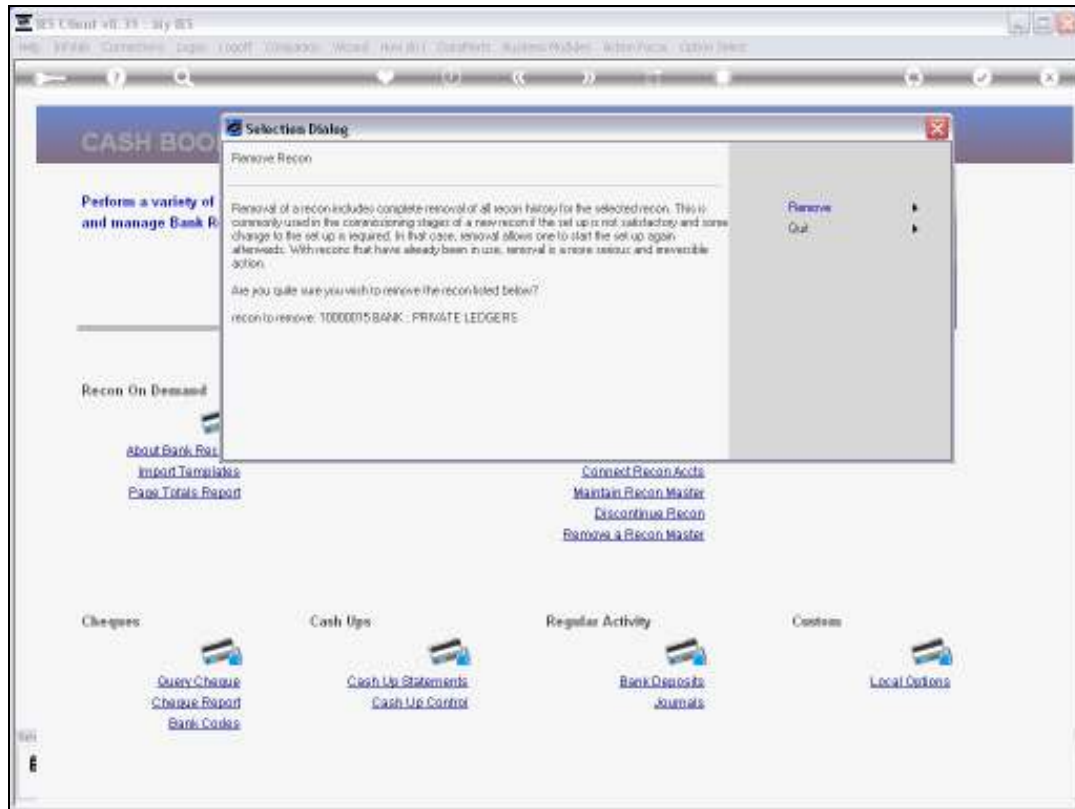

Slide 3

Slide 4

Slide notes:

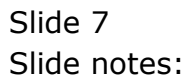

## Slide 5

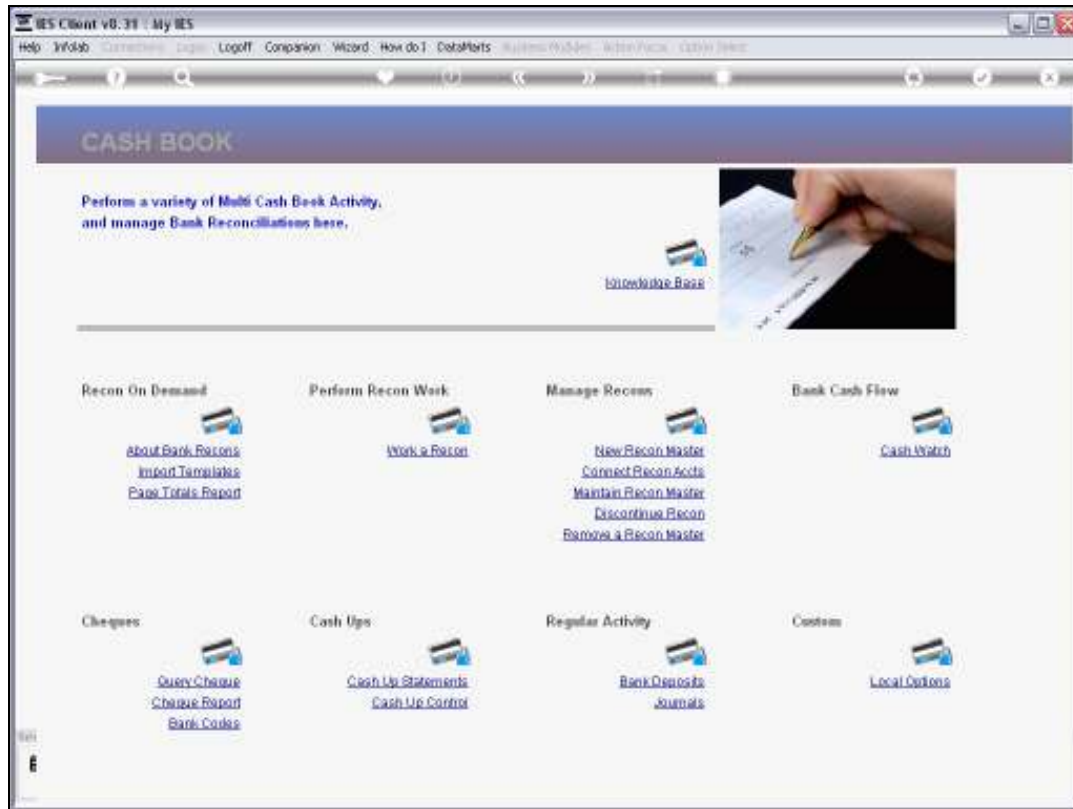

Slide notes: If we choose to remove the Recon Master, then it is fully removed with all history, except that the system retains 1 copy of each final Recon Print for each Month that has been performed, up to the point of removal. If we should subsequently re-introduce the same Recon, then these historical Recon Reports will become available again.

Slide 6

Slide notes: The selected Recon Master has now been fully removed.
