Slide 9

Slide notes: Our purpose with the Recon, among others, is to match entries on the Recon that represent a match. With some exceptions, the matches usually occur between Bank sections and Cash Book sections.

**Slide 10**

Slide notes: When we have worked off all entries on the Bank Page sections by doing matching, and the Bank sections no longer have any entries, then we have achieved our Recon, as long as there is no variance. Usually, some entries in the Cash Book sections may remain, and they will be entries that have not yet appeared on the Bank Statement - therefore, such entries must remain and will automatically roll over to the next Recon Period.
