Slide 5

Slide notes: Bank Page verification is a function that the Variance Assistance wizard will use when fixing a problem on a Recon. If that wizard is unable to resolve the problem, then we may also manually use this option, but usually we never do.

Slide 9

Slide notes: Bank Pages can be verified for the current Recon Period or for all Recon Periods. When there is a problem with Bank Page item links, it is usually in the current Recon. Nonetheless, we may follow the steps outlined as recommendations by the Variance Assistance wizard, if such a need should ever arise.
