

Slide 1

Slide notes: Among the Revenue elements that we can use on a projection, we have the Dated Income option.

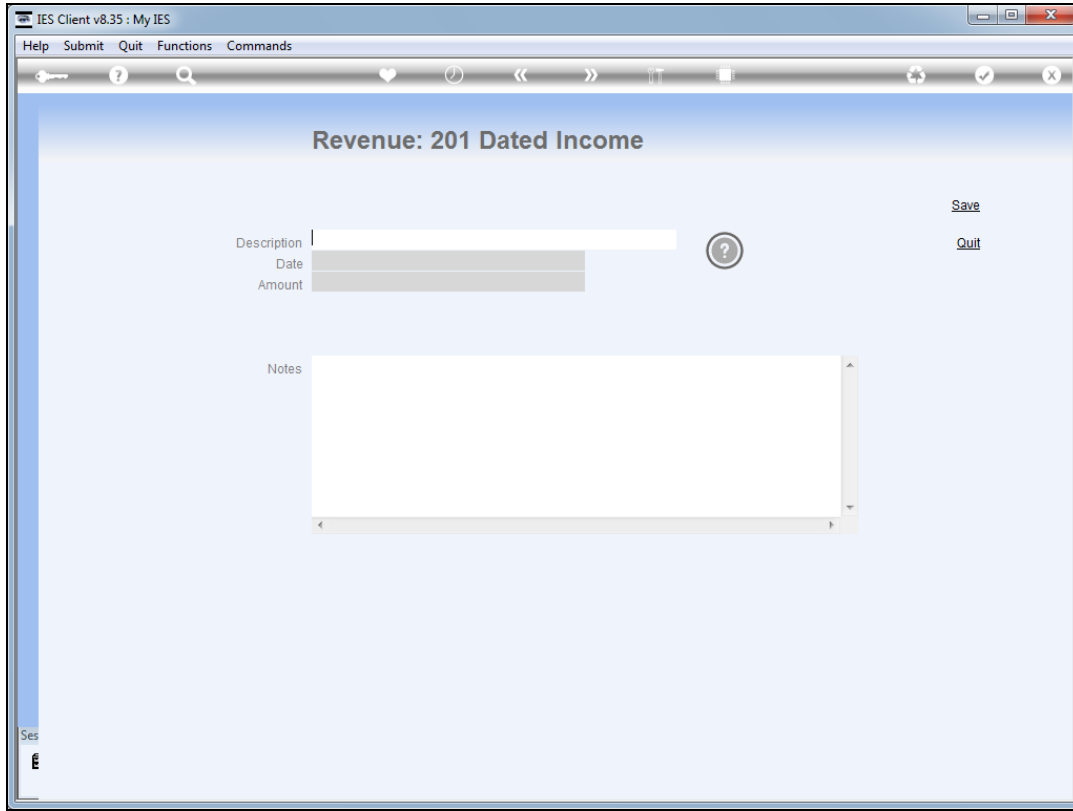

Slide 2
Slide notes:

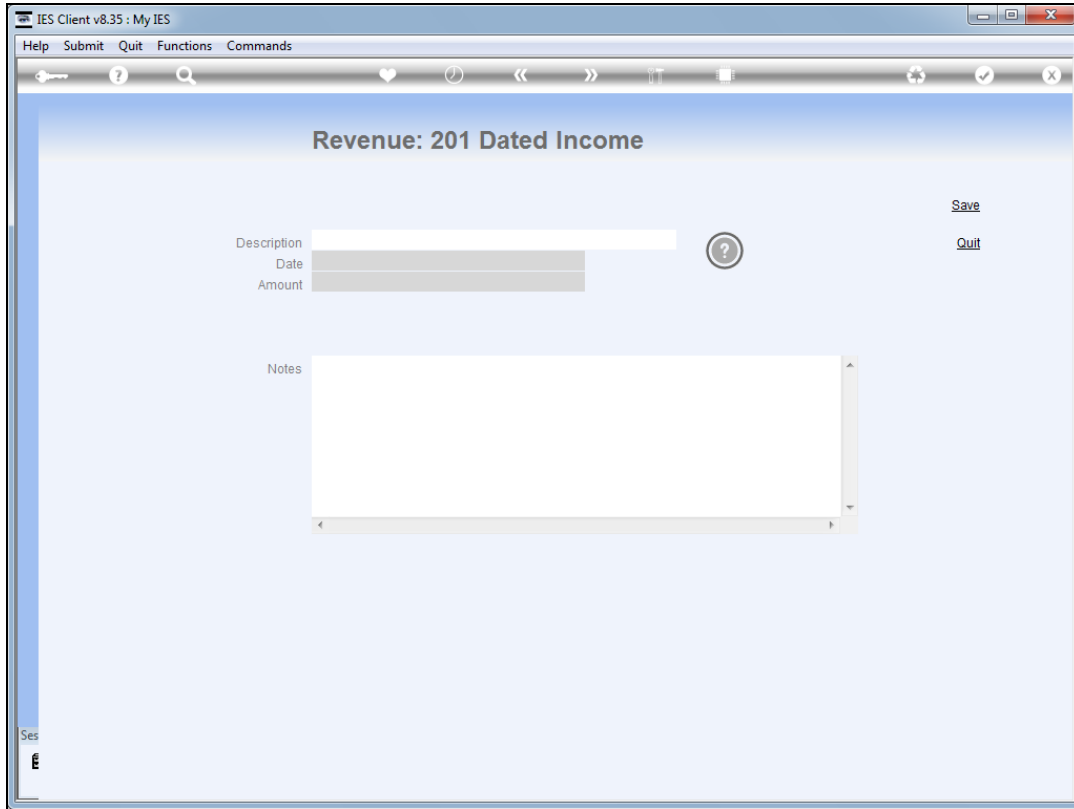

Slide 3

Slide notes: We choose option 201 to add a Dated Income element.

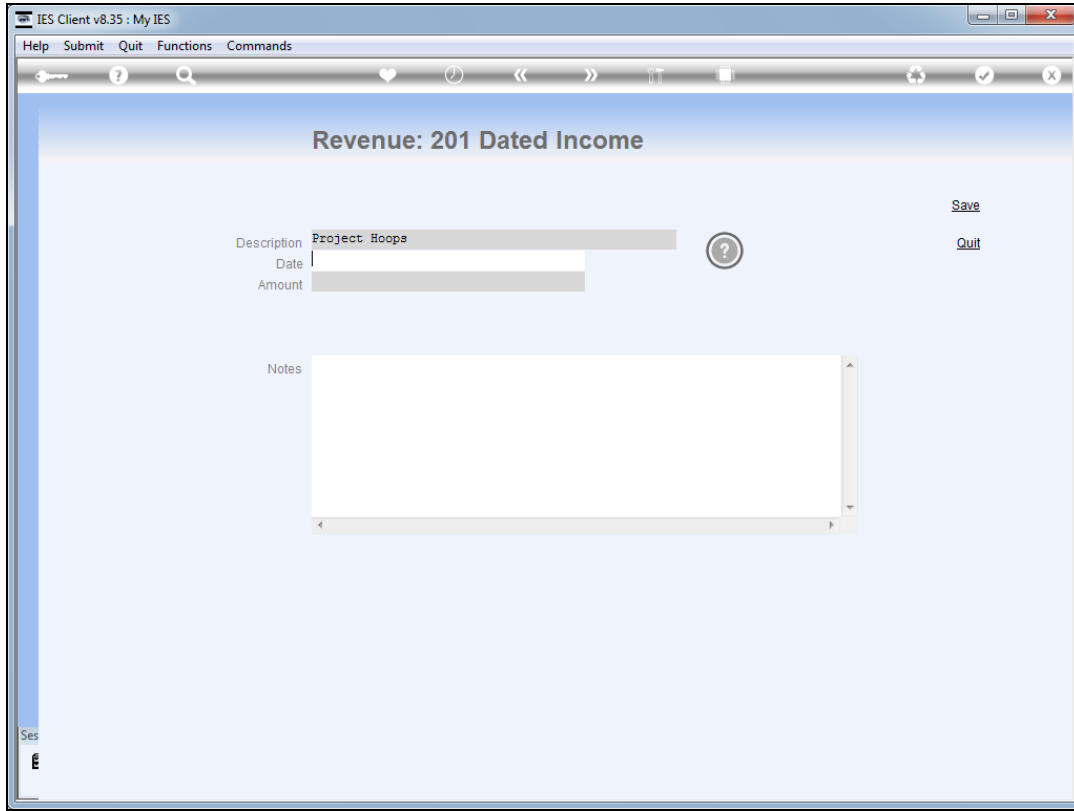

Slide 4

Slide notes: The description is of our own choosing.

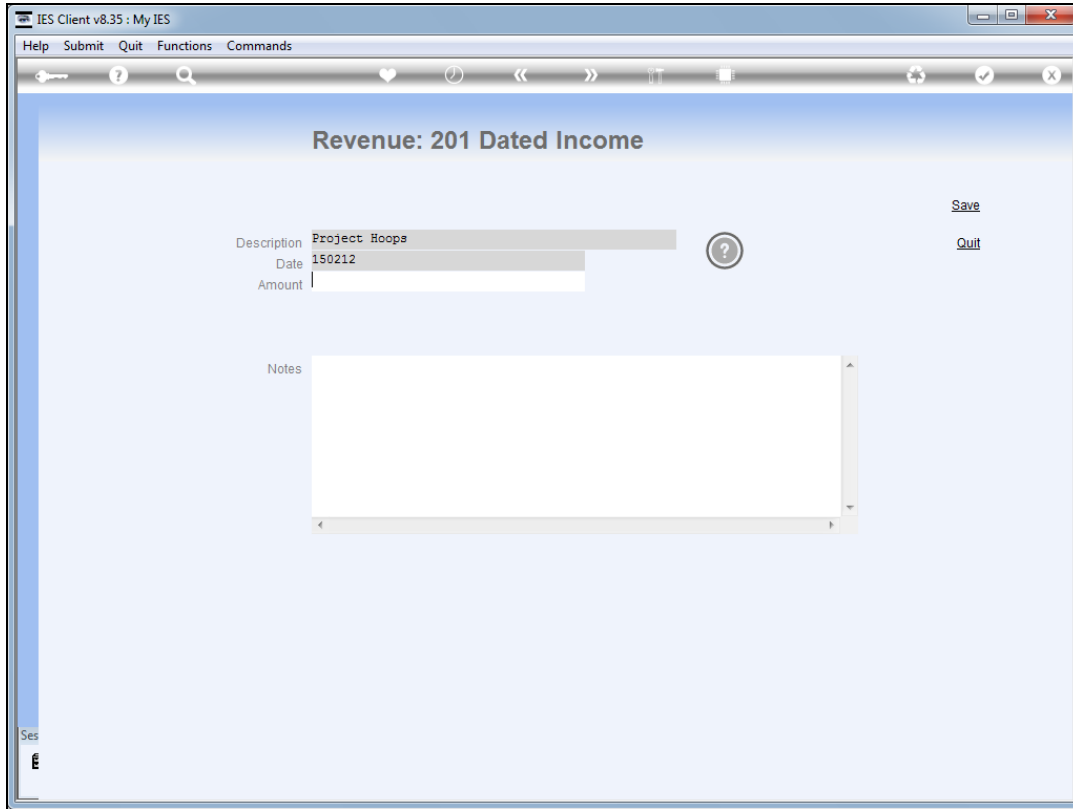

Slide 5
Slide notes:

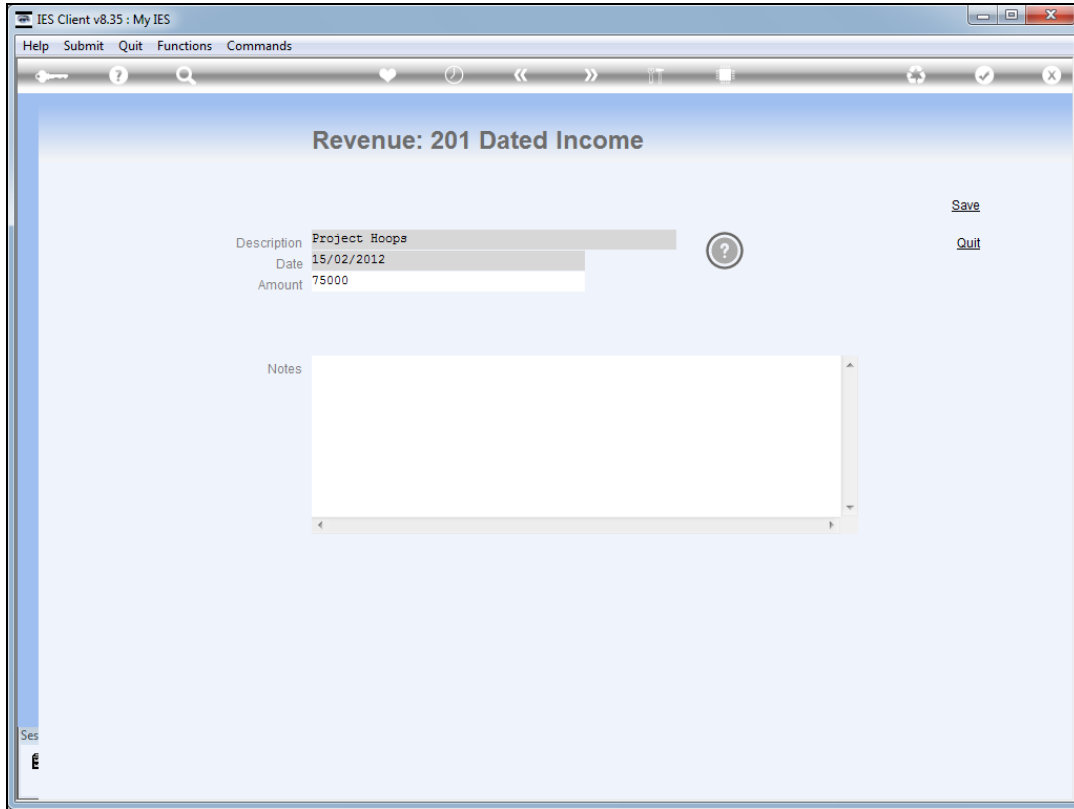

Slide 6

Slide notes: The Date is when the Income is realized in the Cash Flow, and the entry appears on a projected Cash Flow only if the date fits within the execution range.

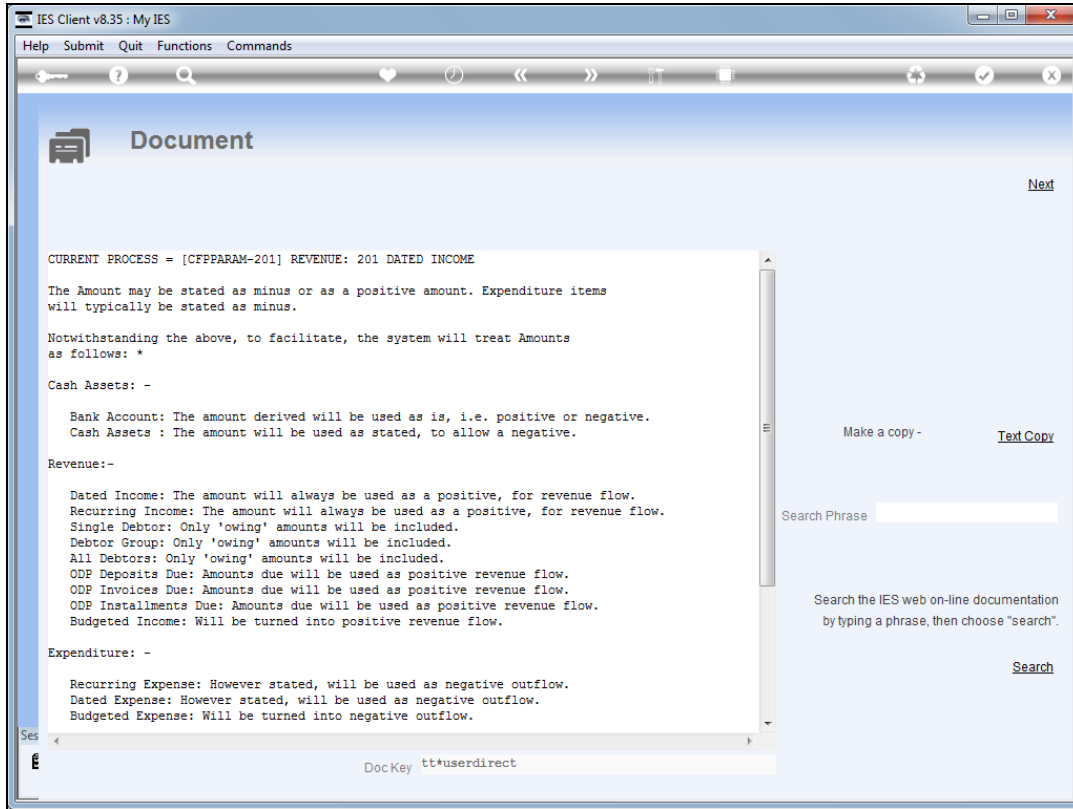

Slide 7

Slide notes: The amount is specific.

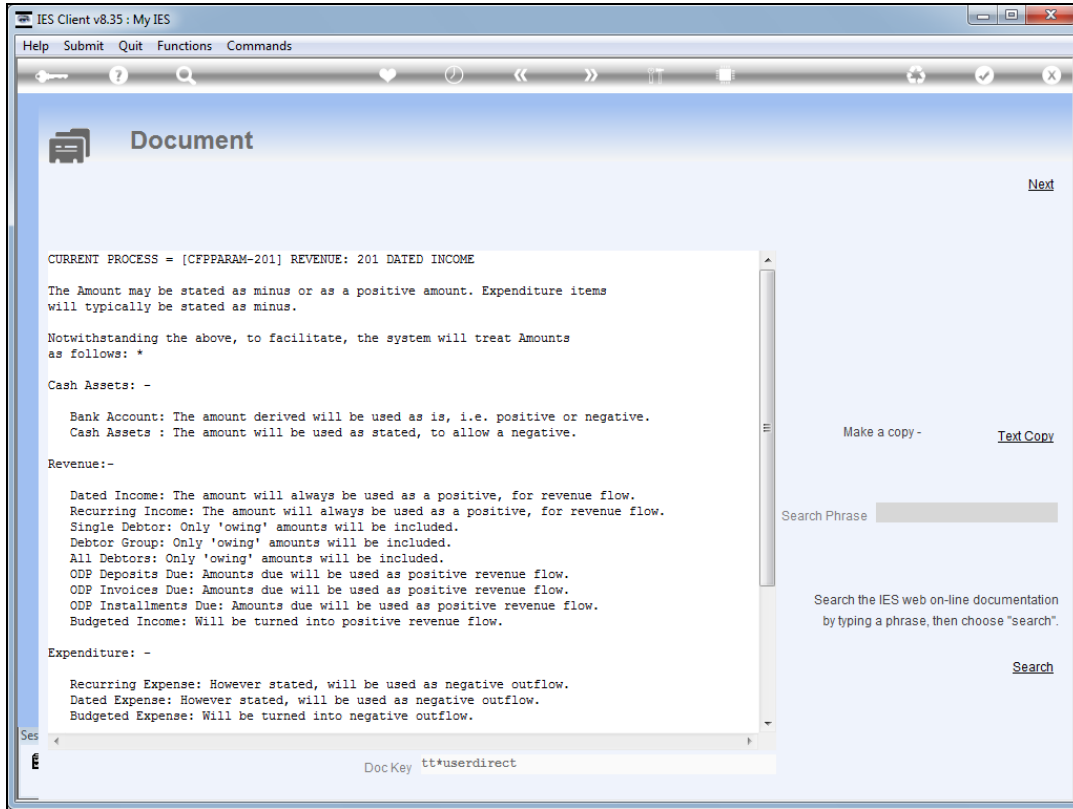

Slide 8
Slide notes:

Slide 9

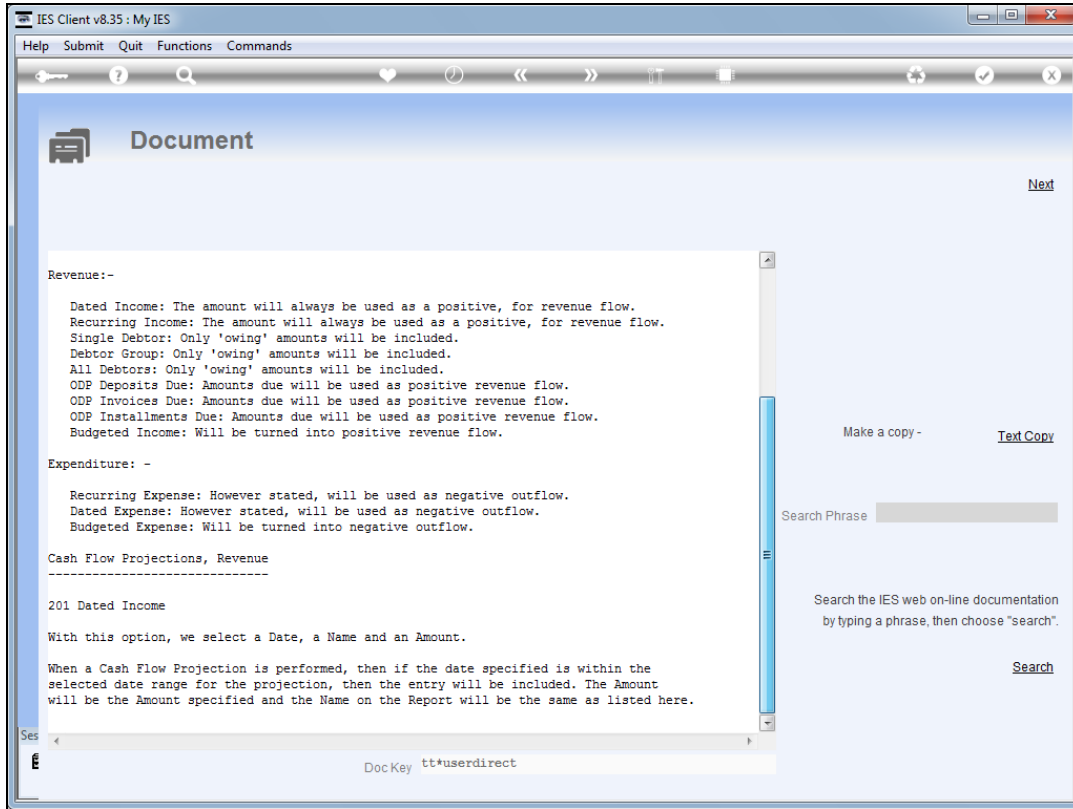

Slide notes: As a general rule, we may always state amounts on elements as positive Amounts. The system knows the difference between income and expenditure, and will treat amounts accordingly.
