

Slide 1

Slide notes: Before we print the Packing Schedule, we usually make sure that we have our Delivery Sequence finalized, and all Order Stock Transfers already performed. In this example, we have some Order Transfers still pending, but it is anyway possible to produce the Packing Schedule.

Slide 4

Slide notes: The Packing Schedule will list Orders with required Stock Items in the Order of Delivery. Therefore, we may work from the bottom up, so that the last Order is packed first, since it will be retrieved last, and the 1st Order to be delivered is packed last, and will then be easiest to retrieve 1st for delivery.
