

## Slide 1

Slide notes: The 'Job Meters' option found at File Maintenance can be used to update a Meter Reading for any Job.

The screenshot shows a web browser window titled "IES Client v8.29: My IES". The browser's address bar is empty, and the menu bar includes "Help", "Submit", "Quit", "Functions", and "Commands". The page has a blue header with the text "Maintain Job Meter". Below the header, there is a form with the following fields:

- Indicator:
- Period For Meter Reading:
- Job Code:
- On/Off Meter @ Period End:

To the right of the form, there is a note: "For Life-to-Date meter take on reading, i.e. meter start, please use Period 0." Below the form, there is a blue link labeled "Back".

## Slide 2

Slide notes: The Meter Readings are automatically maintained from either the Physicals Machine Journals or else from the Fuel Stock Issue Journals, depending on local procedure. Therefore, although this option may be used to update Jobs with Meters, it is more common to use the function only for corrections.

The screenshot shows a web browser window titled "IES Client v8.29 : My IES". The browser's address bar is empty, and the menu bar includes "Help", "Submit", "Quit", "Functions", and "Commands". The page has a blue header bar with the text "Maintain Job Meter". Below the header, the form contains the following fields and labels:

- Indicator:
- Period For Meter Reading:
- Job Code:
- Calibrator @ Period End:

To the right of the form, there is a note: "For Life-to-Date meter take on reading, i.e. meter start, please use Period 0." Below the form fields, there is a blue "Save" button. In the bottom left corner of the browser window, there is a small "Set" button.

Slide 3

Slide notes:

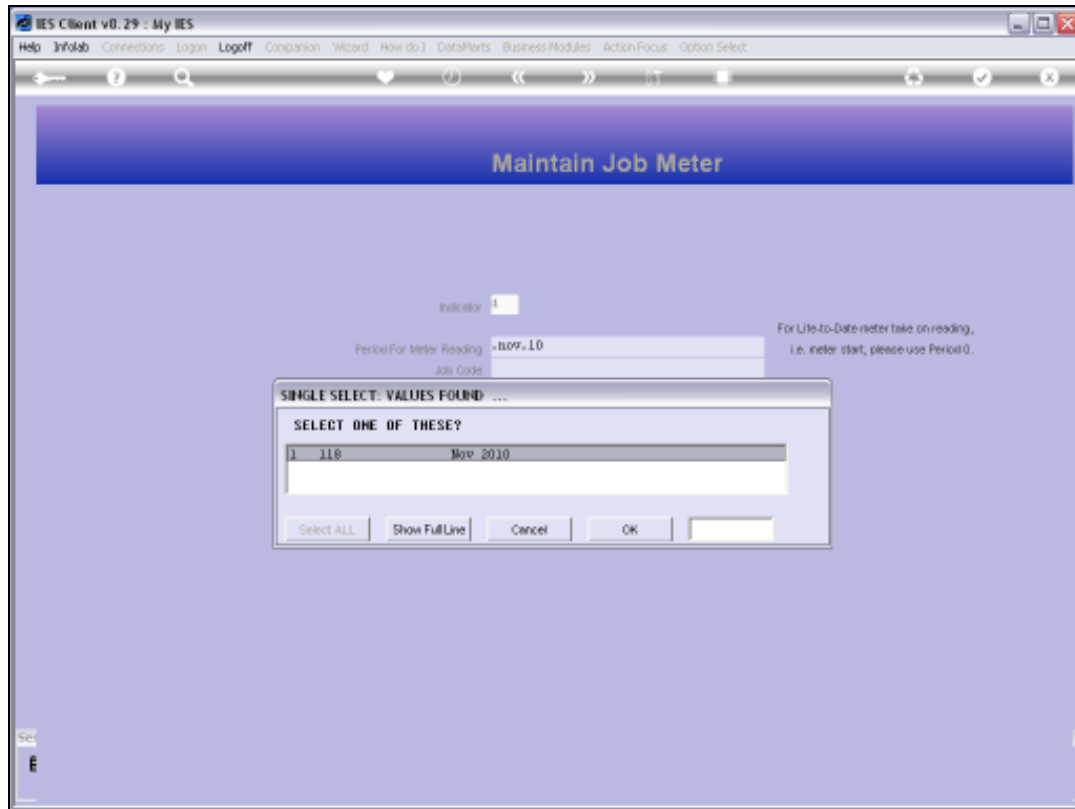

The screenshot shows a web browser window titled "IES Client v0.29 : My IES". The browser's address bar is empty, and the menu bar includes "Help", "Submit", "Quit", "Functions", and "Commands".
