

Slide 1

Slide notes: Attendance Codes are used with Man Attendance records and are also used by the Payroll, where a number of Pay Codes are dependent on Attendance Codes.

The screenshot shows a web application window titled "IES Client v8.36: My IES". The window has a menu bar with "Help", "Submit", "Quit", "Functions", and "Commands". Below the menu bar is a toolbar with icons for help, search, home, back, forward, print, and other functions. The main content area is titled "Attendance and Absentee Code Master". It contains a form with the following elements:

- A "Code" label followed by a text input field.
- A "Name" label followed by a text input field.
- A "Statistics: -" label.
- Two checkboxes: "Paid" and "Leave".
- A "Save" button in the top right corner.
- A "Quit" button in the bottom right corner.

The window also has a status bar at the bottom left showing "Ses" and a small icon.

- A "Name" label followed by a text input field.
- A "Lookup ?" button and a "Recent Values" button.
- A "Statistics: -" label followed by two checkboxes: "Paid" and "Leave".
- A "Save" button and a "Quit" button.

The window also has a status bar at the bottom left showing "Ses" and a small icon.

Slide 5

Slide notes:

Slide 6

Slide notes: By default, the system will already have some Attendance Codes, and we may define more of them, or even delete the system codes and create new ones. It is important to use short codes.

The screenshot shows a software window titled "IES Client v8.36: My IES". The menu bar includes "Help", "Submit", "Quit", "Functions", and "Commands". Below the menu is a toolbar with icons for help, search, home, back, forward, and other navigation functions. The main content area is titled "Attendance and Absentee Code Master". It contains a form with the following elements:

- A "Code" field with a dropdown menu showing "At Work".
- A "Name" field with a text input containing "At Work".
- A "Statistics:" section with two checkboxes: "Paid" (checked) and "Leave" (unchecked).
- A "Save" button in the top right corner.
- A "Quit" button in the bottom right corner.

At the bottom left of the window, there is a small "Ses" label and a small icon.

Slide 7

Slide notes: For each code, we should indicate whether in a statistical context, it is a paid type and whether it is a leave type of code. The Payroll has it's own rules with Attendance Codes and will not be affected by the flags we set here for Paid and / or Leave.

The screenshot shows a web application window titled "IES Client v8.36: My IES". The window has a menu bar with "Help", "Submit", "Quit", "Functions", and "Commands". Below the menu bar is a toolbar with icons for help, search, home, back, forward, print, and other functions. The main content area is titled "Attendance and Absentee Code Master". It contains a form with the following fields and controls:
