

Slide 1

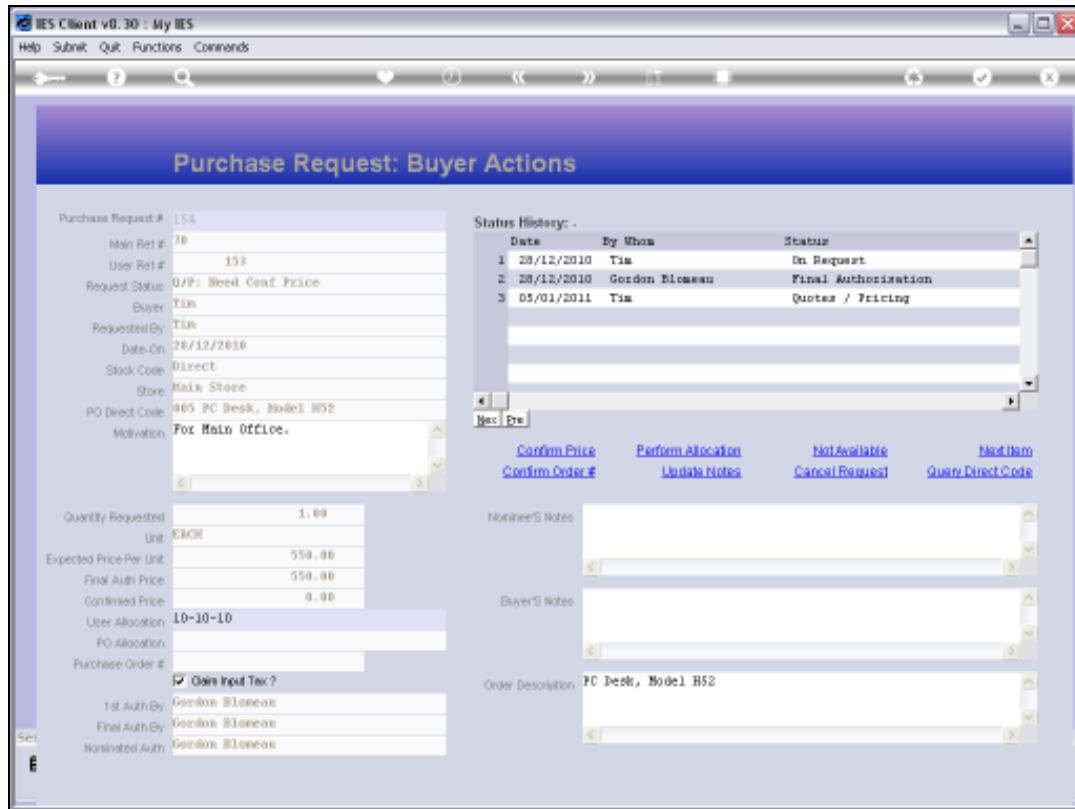

Slide notes: All Purchase Requests require a Price Confirmation before it can be loaded on a Purchase Order. In the case of Direct Items, a final Charge Allocation is required as well. We will now do some Price Confirmations.

Slide 2
Slide notes:

Slide 3
Slide notes:

Slide 4

Slide notes: This Item still needs the Price to be confirmed, and of course, because it is a Direct Item, it also needs a final Allocation.

Slide 8

Slide notes:

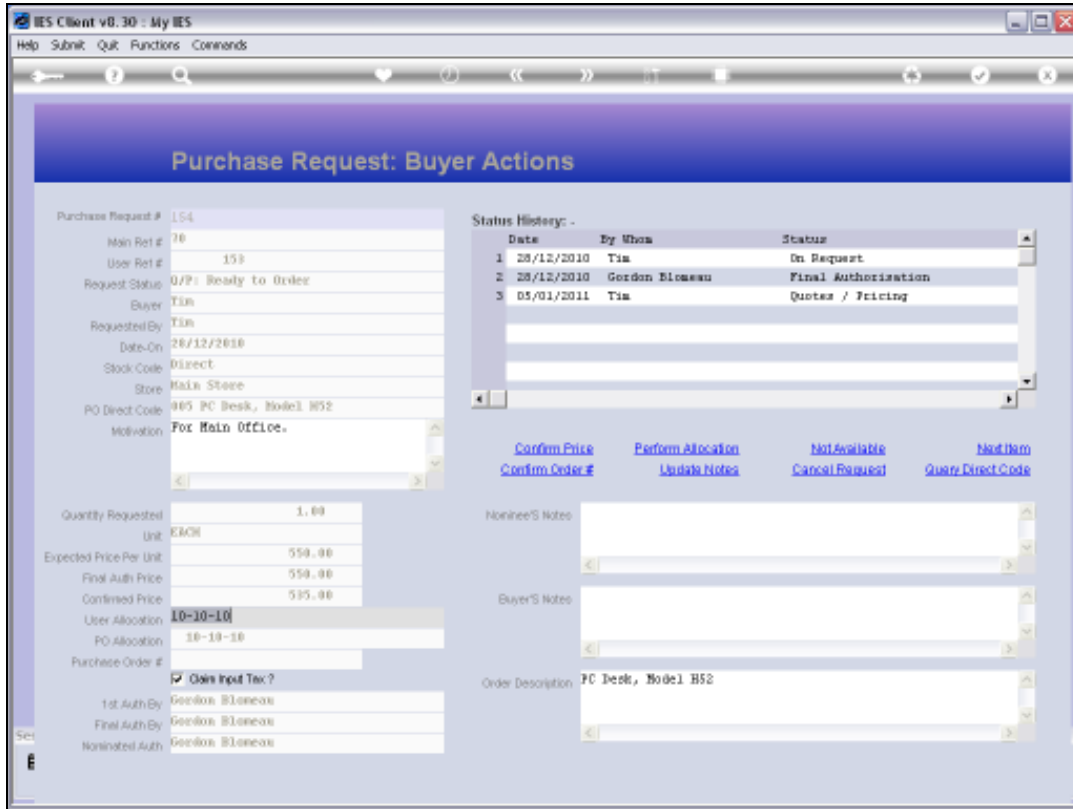

Slide 9

Slide notes: The system offers to apply the User's Allocation as the final Allocation.

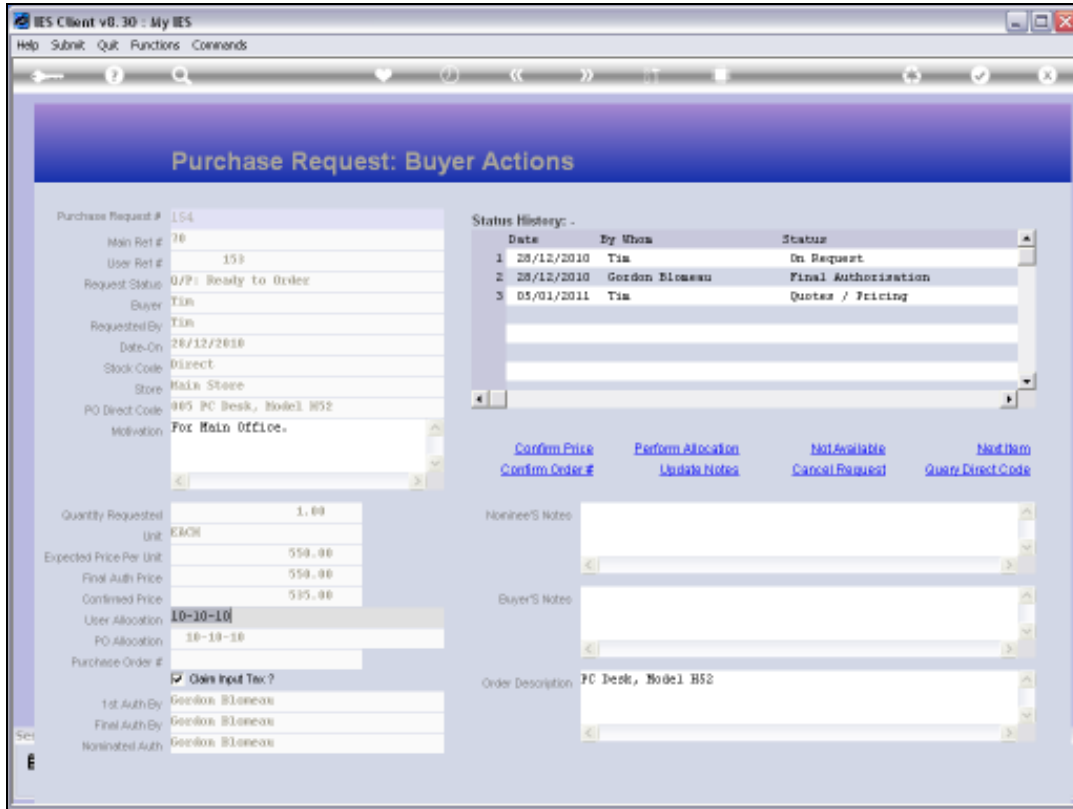

Slide 10
Slide notes:

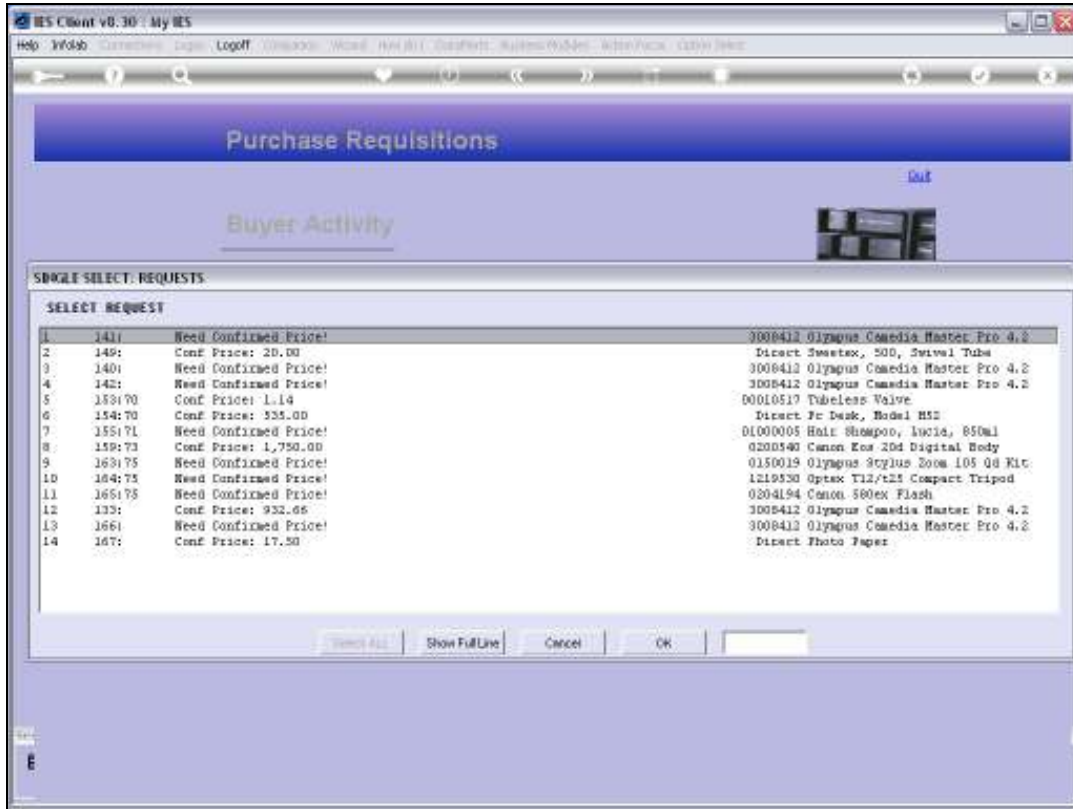

Slide 11

Slide notes: And as such, we have confirmed the Price and performed the final Allocation now in the same step.

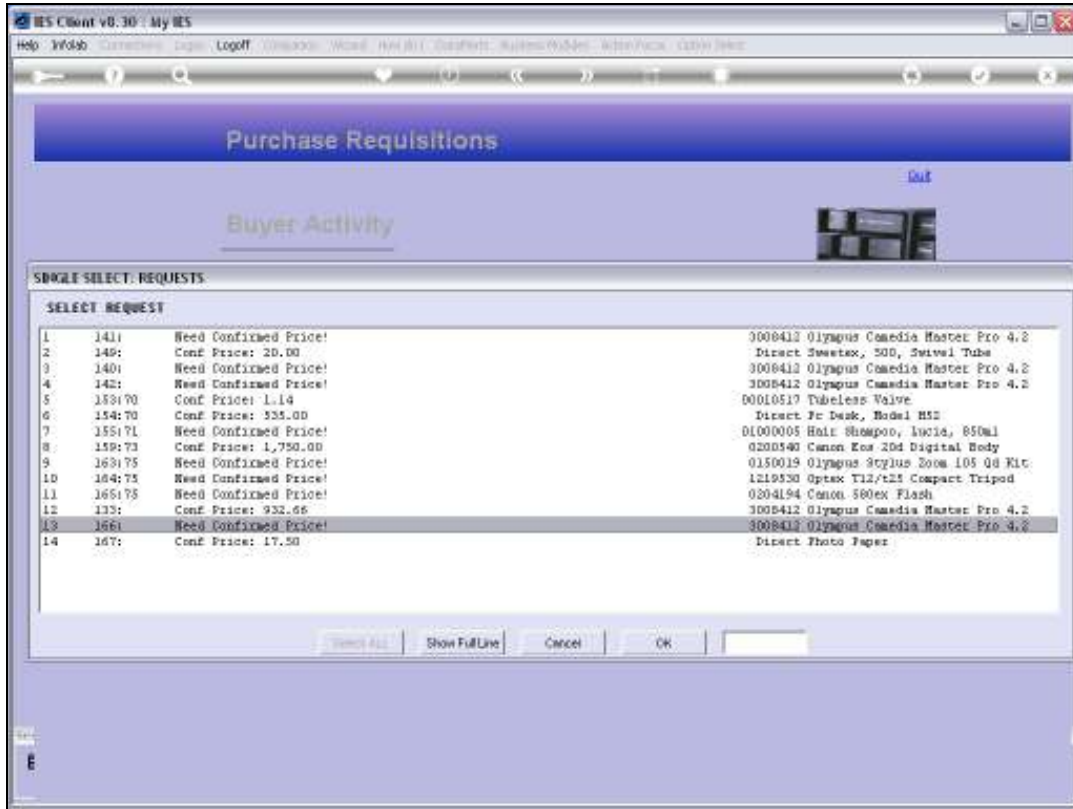

Slide 12

Slide notes: Only Direct Items need a Purchase Order Allocation, because Stock Items will automatically be charged to Stock.

- Order Description

Slide 15
Slide notes:

Slide 16

Slide notes: For the Stock example, we will confirm a Price that is higher than the Approved Price, so we note that the Nominee is Gordon. Usually, when the Price is higher than originally authorized or if only in 1st Authorization, then the Request will have to go back to the Nominee for Final Authorization.
